

Rotary Park Improvements

Dear Rotary Club Members,

Over the past three years, the Rotary Club has worked with the City of Wichita Falls Parks Department to make several major improvements to Rotary Park located at 4301 Phillips. This park is quickly becoming a destination for fun. Working with the Rotary Club members Benay, John and Lisa has been a great experience. It has especially been a pleasure to work with Benay Ayres, she is one of the most efficient people that I have met. The City certainly appreciates the funding for these improvements and we are lucky to have such a strong Rotary Club.

Sincerely,

Terry Points

Assistant Director of Parks

Together we have added the following projects:

Rotary: A Burke Playground with border and ASTM certified surfacing. (installed) 2022 \$53,000

City: Two six foot benches with concrete pads. (installed) 2022

Rotary: Two eight foot benches with shade shelters and concrete pads. (installed) 2023 \$12,485

These shelters are designed with a half wall on the west to give evening shade.

A fifty-one foot ZipKrooz (ordered and coming in May/June 2023) Rotary is working directly with vendor. \$21,000

We are excited that this will be the longest ZipKrooz to be added to the City Parks System so far.
