Do not sent this form directly to Rotary International.

Rotary Club: Breckenridge Project Number: P-4568
 Project Title: Community Announcement Sign

Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

This project was a community improvement project to build and place a "community announcement sign" at the Pocket Park located at the main intersection of town on HWY 180 and HWY 183. The frame was built by the TSTC College welding students and involved the Breckenridge Downtown Development Council. The entire town of Breckenridge will benefit from this sign and it can be used to promote local happenings.

2. How many Rotarians participated in the project? 20

3. What did they do? Please give at least two examples.

All members of our club rallied support from local organizations that could benefit from the sign, as well as planned the placement of the frame, design and oversaw the project on behalf of the Breckenridge Downtown Development Council.

4. How many Non-Rotarians participated in the project? 7

5. What are the expected long-term community impacts of the project?

This sign will impact the community for many years to come. Being made of metal, this sign and frame will be able to withstand the elements and help promote the local economy and other events throughout Breckenridge.

6. If a cooperating organization was involved, what was its role?

The Breckenridge Downtown Development Council was the facilitator and the welding students at Texas State Technical College handled the construction of the frame.

Financial Report (District must retain receipts of all expenditures)-The two yellow cells must be the same.
