

District Grant Report

Rotary Club: Brea

Project Title: Senior Apartments Upgrade

Progress Report Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

The BREAL Senior Apartments is a non-profit, 30 unit, ultra low-income senior apartment building that was built and funded by the Brea Rotary Club in 1980. Water has become one of the most expensive utilities. The north side of the building has a grassy area and irrigation system that is in poor condition. This project removed the grass and irrigation system, rolled out weed barrier, and placed rock ground cover that will not require any irrigation, thus saving the building significant funds on a monthly basis. The project was carried out on April 27 and May 5, 2024.

2. How many Rotarians participated in the project? 2

3. What did they do? Please give at least two examples. Placed weed barrier and rock

4. How many non-Rotarians benefited from this project? 27

5. What are the expected long-term community impacts of the project?
