To Whom It May Concern;

TheaterWorks was recipients of grant funds from Rotary for the FY 24 fiscal year.

TheaterWorks continues to be grateful for this support from community partners like Roatry.

The most recent grant funds were applied in two ways. Funds were used to provide books to elementary school students in connection with shows they were seeing live on stage.

Additionally funds subsidized fieldtrip ticket costs for schools to attend live theater performances. Tickets were subsidized on a sliding scale and were discounted to as low as \$0.00.

We look forward to partnering with Rotary in the future to continue to bring educational performing arts opportunities to our most needy communities and the young people in those communities.

If I can answer any questions about our grant, please contact me at
