Project Description:

1. Describe the project. What was done, when, and where did project activities take place? If this is a progress report, what remains to be done?

We had a few CPR events to train those interested
9/16/23: Smart Medical Care P.C.

2. How many people benefited from this project?

3. Who were the beneficiaries, how were they impacted by this project, and what humanitarian need was met?

Basic life support training was given to people from ages 16 to 75. Participants included clergy members of the mosque, chaplains of a church, college students, and the general public - choking and cardiac arrest can happen at any time - so these basic needs to assist others was taught.

4. How many Rotarians participated in the project?

5. What did they do? Please give at least two examples, not including financial support provided to the project.

Some of the Rotaractors are certified CPR instructors, so they led the training courses. Other Rotaractors helped organize the events, made flyers, helped at training/assisted the teachers, and helped with data management (ie mailing out the CPR certificates).
