Pam, Thanks so much for all your wonderful work on the garden. I took vacation time last week and was not hear to thank you in person.

The garden looks beautiful!

Subject: Pollinator Garden At Mujeres

Dear Elizabeth and Maggie,

Thank you for letting the Rotary Club of Chicago Little Village complete the planting of your pollinator garden! We have black eyed susan's which are perennial (& native to IL and loved by bees & butterflies); they are yellow and the hostas which have a purple flower.

I purchased the petunias on 18th street from a street vendor and when I told him the flowers would be planted in front of Mujeres, he gave me 3 red vinca plants (at the west end of the garden.). They, like the petunias are annuals.

The plants in the large street garden were donated by another Rotarian and we dug them from her garden. Please water them today and tomorrow. I think it should rain over the weekend. Please water daily next week, too, so the plants can get established well.

People who walked by loved to see the flowers and the garden made them smile. We hope the garden inspires you & your clients every day!

Pam
