

Matching Grant Application The Rotary Foundation (TRF)

PROJECT DESCRIPTION

Explanation: Matching Grants support the humanitarian service projects of Rotary clubs and districts. In this section, describe in detail the humanitarian need your project will address, the intent of the project, how the project will be implemented, and how Rotarians will be directly involved in the project. Involvement is required of both the host and international partners.

Please provide the name of the project site, the city or village, state or province, and country. List multiple locations, if applicable.

Project site	<u>The Townships and suburbs of Pinetown South</u>
City/Village	<u>Pinetown</u>
State/Province	<u>KwaZulu-Natal</u>
Country	<u>Republic of South Africa</u>

Describe the project and the problem or need it will address, including the intended beneficiaries and how the project will benefit the community in need. Provide the estimated length of time needed to complete the project.

The Pinetown Rotary Club is deeply involved in uplifting the Creches and Pre-schools of Pinetown South. We are currently working with 23 such Pre-schools but need is far greater than we can satisfy. Most of the Pre-schools have little or no: Educational equipment, toys, trained staff, playground equipment and, as a result, the children are ill-equipped to enter formal education, thus have a very good chance of becoming 'drop-outs' and entering a downward spiral of drugs, crime and an early death from HIV/AIDS. The area is deeply impoverished and ridden with HIV/AIDS- it is estimated that one third of the 750 000 population is HIV positive. The average creche/Preschool supports about 20% of its enrolments as AIDS Orphans and this is a drain on the schools finances. Our project is turning 5-6 creches a year into 'first-world' institutions.

Describe how the benefiting community will maintain this project after grant funding has been fully expended.

Once a school has been upgraded they qualify for a Welfare services Grant- this enables them to become self-sustaining and able to continue the programme of upliftment. A typical creche/pre-school that we have upgraded will have: One Teacher with level 1 qualifications, another with level 4 (introductory to formal education). These are professional qualifications that give the person 'life-skills', Playground equipment, educational aids & toys and the fabric of the structure is modified/enhanced to better suit the purpose. We find that the education of the teachers (to the highest of standards) gives the greatest impact since they, now KNOW what they have to do and are motivated to do it. The average 'school' has about 75 children and 'graduates' about 20 mentally and physically prepared children into formal education a year.

Describe specific activities of the host and international partners in implementing the project. What will the Rotarians who are members of the partner clubs do during the project? Please note that financial support is not considered active involvement. (See the Matching Grant application instructions for suggestions.)

Members of the Rotary Club of Pinetown are extremely active in: interviewing the schools, selecting those who will best benefit from the programme, choosing the most applicable courses and monitoring their progress. We also are in constant liaison with the Department of Welfare. Hardly a week goes by without a Rotarian spending the best part of a day in the Townships. Our major 'Training Institution'- Natal Early Learning Resource Unit is headed by Sue Goldberg of the Rotary Club of Durban. While we have requested sufficient 'materials' to upgrade 5 (additional to 'our' 5) schools, since some schools will have some of the equipment we estimate that the grant will upgrade about 10 schools.

PROJECT PLANNING

Explanation: Before an application is submitted to TRF, project partners should discuss various planning details. The questions below are a guide to aid project planning. Note that a Rotary club/district or Rotarian may not own anything purchased with grant funds.

Identify who will own equipment and maintain, operate, and secure items purchased with grant funds. (A Rotary club or Rotarian cannot own equipment.)

The equipment will be owned by the Governing Board of the creche/Pre-school. It is very simple and needs limited, unskilled, maintenance. The Training is a 'life skill' & will permanently benefit the Community. Some of the Toys/teaching Aids/Educational material can be regarded as 'consumables' but, on receipt of a Welfare Grant (which, typically, nearly quadruples the schools' income), they can well afford to replace them from their own resources.

Will training in use and maintenance of technical equipment be provided? If so, who will provide training?

There is no Technical Equipment. The reason that we have chosen the Natal Early Learning Resource Unit (NELRU) to be our main 'educator' is that they not only TRAIN the 'Teachers' but, also, interact with the school so as to ensure that the training is put into best use. Rotarians visit 'our' schools, together with NELRU staff, on a regular & continuous basis.

Is software necessary to operate any items? If so, has software been provided?

N/A

Indicate what arrangements have been made for customs clearance if items will be purchased and shipped from outside the project country.

N/A

Provision of plumbing and electrification to structures where people live or work cannot be purchased with grant funds and must be funded with other sources. Have the sponsor clubs/districts planned and agreed to fund plumbing or electrification for equipment and appliances in existing buildings (hospitals, schools, libraries, orphanages, etc.)?

COMPETITIVE GRANTS

Explanation: Competitive grants are grants requesting US\$25,001 or above from TRF. They are reviewed twice a year at the October and April Trustees' meetings.

If your grant request is for US\$25,001 or above, a community needs assessment must be included. This assessment should demonstrate how the proposed project

- Involves the benefiting community
- Is viable and will be maintained by the benefiting community after grant funds have been expended

Please refer to *The Guide to Matching Grants* (144-EN) and the RI Web site (www.rotary.org) for additional information.

To Whom it may concern

This is to certify that Our Club and NELRU are in constant contact, by meetings, 'phone & E Mail on our Preschool project.

We make visits, together, to the crèches/Preschools on a regular basis. We make at least 50 individual visits a year.

Ours is an integrated 'attack' on the shortcomings of Pinetown's Preschools.

Our liaison is a true partnership.
