

ROTARY CLUB PANCHKULA
DISTRICT 3080
I-12 , INSTITUTIONAL AREA SECTOR 12 A PANCHKULA
HARYANA INDIA
Clean Drinking Water For SLUMS

Rotary 3080 holds a special place in the Rotary world, being the home District of India's second world President of Rotary International, Rajendra K. Saboo. District 3080 of Rotary international, located in India, comprises of Union Territory of Chandigarh, part of Punjab, part of Haryana part of Himachal Pradesh and Uttarakhand .

Panchkula was formed as the 17th district of [Haryana](#) on 15th August, 1995. It comprises of two sub divisions and two Tehsils named Panchkula and Kalka. It has 264 villages out of which 12 villages are uninhabited and 10 villages wholly merged in towns or treated as census towns according to census 1991. There are four towns in the district named Kalka, Panchkula, Pinjore and HMT Pinjore. Area of the district is 816 sq km and the total population is 3,19,398 .

Our club wants to provide clean drinking water to SLUM RESIDENTS by providing water from a clean reverse osmosis plant so that they have a healthier life and mortality due to water borne disease is minimized. There are four major slum clusters around our city housing approximately 30000 residents out of which the children are approx 9000. They have only access to ground water which is contaminated. This project will be taken up in a major slum cluster around Panchkula City .This will benefit all slum residents and their children. The number of residents will be about would be about 15000.
